

PHYSICAL EDUCATION AND SPORTS FOR P5 TERM 1, 2 AND 3

Name		Academic year	
School		No of pupils	
Class	P5	Term	1
Subject	Physical Education and Sports	Number of periods per week	2

Unit 1

Unit title		Motor control					Periods : 8	
Key unit competence		Pupils will be able to perform a range of exercises that focus on circulatory and respiratory systems and develop basic techniques in Gymnastics.						
Dates/weeks	Lesson title/periods	Learning objectives	Content summary	Teaching and learning activities/approaches	Teaching and learning aids	Assessment	References	Weekly observation /Remarks
Week 1: 8-12/9/2025	Lesson 1: Basic physical exercises for the human body (2 periods).	To perform different physical exercises for the human body.	Pupils should learn and understand the following keywords related to physical and sports activities: flexion, extension,	Individually or in groups, pupils perform exercises of jogging, sprinting, slow and deep breathing, high knee and skipping.	Mats, carpets, sport facilities, rooms, whistles, stop watches, balls, and benches.	Through observation with an observation checklist, the teacher assesses how pupils perform basic physical exercises to improve health conditions.	Physical Education and Sports syllabus for upper primary Physical Education and Sports teacher's guide for P5(2025)	

Unit title	Motor control						Periods : 8	
Key unit competence		Pupils will be able to perform a range of exercises that focus on circulatory and respiratory systems and develop basic techniques in Gymnastics.						
Dates/weeks	Lesson title/periods	Learning objectives	Content summary	Teaching and learning activities/approaches	Teaching and learning aids	Assessment	References	Weekly observation /Remarks
			circulatory, respiratory, breathing, letting out air					
Week 2: 15-19/9/2026	Lesson 2: Exercises strengthen the muscles of the body (2 periods).	To perform exercises to strengthen the muscles of the body.	Pupils should learn and understand the following keywords related to physical and sports activities: squat exercises, push-ups exercises, wheelbarrow exercises, arm row exercises,	Individually or in groups, pupils perform exercises to move the body in different ways.	Mats, carpets, sport facilities, rooms, whistles, stop watches, balls, benches, cones, ropes.	Through observation with an observation checklist, the teacher assesses how pupils perform strengthening exercises.		

Unit title	Motor control						Periods : 8	
Key unit competence		Pupils will be able to perform a range of exercises that focus on circulatory and respiratory systems and develop basic techniques in Gymnastics.						
Dates/weeks	Lesson title/periods	Learning objectives	Content summary	Teaching and learning activities/approaches	Teaching and learning aids	Assessment	References	Weekly observation /Remarks
			shoulder press exercises,					
Week 3: 22-26/9/2025	Lesson 3: Practice exercises using simple Gymnastics equipment (2 periods).	To perform basic technique exercises using simple Gymnastics equipment.	Pupils should learn and understand the following keywords related to physical and sports activities: a rope, parallel beam, crouch.	Individually or in groups, pupils perform rope climbing exercises. • Individually or in groups, pupils perform walking on parallel beam, log or bench exercises. • Individually or in groups, pupils perform crouch jumping exercises.	Mats, carpets, sport facilities, rooms, whistles, stop watches, balls, benches, cones, parallel beams, ropes, tumbling mats.	Through observation with observation checklist, the teacher assesses how pupils perform Gymnastic exercises using simple gymnastic equipment		

Unit title	Motor control						Periods : 8	
Key unit competence		<i>Pupils will be able to perform a range of exercises that focus on circulatory and respiratory systems and develop basic techniques in Gymnastics.</i>						
Dates/weeks	Lesson title/periods	Learning objectives	Content summary	Teaching and learning activities/approaches	Teaching and learning aids	Assessment	References	Weekly observation /Remarks
Week 4: 29/9-3/10/2025	Lesson 4: <i>End of unit practical assessment (2 periods).</i>	To assess pupils' ability to perform a range of exercises that focus on the circulatory and respiratory systems and develop basic techniques of Gymnastics.		Pupils in four equal teams perform exercises by passing through two stations: Basic physical exercises and exercises for strengthening the muscles of the body.	Safe sport facilities, bench, chair, stopwatch/ph one timer, whistle, paper/score sheet/ notebook, pen, parallel beam, rope, cones.	Using assessment checklist and rubrics, the teacher assesses pupils' ability to perform exercises that strengthen the circulatory and respiratory systems and develop basic Gymnastics techniques.		

Unit 2

Unit title	Body control and balance						Periods : 8	
Key unit competence		Pupils will be able to perform a sequence of various movement smoothly.						
Dates/weeks	Lesson title/periods	Learning objectives	Content summary	Teaching and learning activities/approaches	Teaching and learning aids	Assessment	References	Weekly observation /Remarks
Week 5: 6-10/10/2025	Lesson 1: Exercises and games for mental and physical strength (2 periods)	To perform exercises and games for mental and physical strength.	Pupils should learn and understand the following keywords related to physical and sports activities: rhythmic gymnastics, motor control, mental strength, physical strength.	Individually or in groups, pupils perform exercises and games: for mental and physical strength, that develop cooperation and teamwork.	Sport facilities, rooms, whistles, stop watches, balls, cones, ropes, narrowband, radio, drums, piano.	Through observation with an observation checklist, the teacher assesses how pupils perform exercises and games intended to develop mental and physical strength	Physical Education and Sports syllabus for upper primary (2025) Physical Education and Sports teacher's guide for P5 (2025)	
Week 6: 13-17/10/2025	Lesson 2: Exercises and games that develop cooperation	To perform exercises and games which develop	Pupils should learn and understand the following keywords	Individually or in groups, Pupils perform sequences of created dance and gymnastic movements in	Sport facilities, rooms, whistles, stop watches,	Through observation with an observation checklist, the teacher assesses		

Unit title	Body control and balance						Periods : 8

			internal movement.					
Week 10: 10-14/11/2025	Lesson 6: End of unit practical assessment (2 periods).	To assess pupils’ ability to perform exercises of rolling safely and refine techniques.		Pupils in 3 groups perform the following exercises: Backwards roll techniques from the squatting position, Backwards roll techniques from the standing position, aerobic prolonged exercises	Mats, carpets, sport facilities, whistles, stop watch, balls, cones, hoops, flags, poles, pen, score sheet/notebook /paper/assessm ent checklist or rubric refer to unit 1).	Using an assessment checklist and rubric, the teacher evaluates pupils’ ability to perform rolling exercises safely and refine their techniques during practice. The assessment also considers pupils’ focus, self-control, and adherence to safety guidelines throughout the activity.		

Unit 4

Unit title	Basic Athletics techniques						Periods : 10	
Key unit competence		Pupils will be able to demonstrate a variety of techniques for throwing and perform different types of jumps and runs with increased speed.						
Dates/weeks	Lesson title/periods	Learning objectives	Content summary	Teaching and learning activities/app roaches	Teaching and learning aids	Assessment	References	Weekly observation/ Remarks
Week 11: 17-21/11/2025	Lesson 1: Running nonstop for 5 to 8 minutes (2 periods).	To perform nonstop running for a set time between 5 and 8 minutes.	Pupils should learn and understand the following keywords related to physical and sports activities: running nonstop, starting line, rhythm, sprinting, steady, speed.	pupils perform running exercises nonstop for 5 to 8 minutes at medium speed.	Sport facilities, whistles, stopwatches, balls, ropes, sticks, truck field, and cones.	Through observation with an observation checklist, the teacher assesses how pupils perform running nonstop exercises for 5 to 8 minutes.	Physical Education and Sports syllabus for upper primary Physical Education and Sports teacher's guide for P5.	
Week 12: 24-28/11/2025	Lesson 2: Jumping exercises (jumping short obstacles and introduction to	To perform jumping exercises over short obstacles and apply basic technical skills	Pupils should learn and understand the following keywords related to	Individually or in groups, pupils perform exercises	Sport facilities, whistles, stop watches, balls, ropes, sticks, cones, paper	Through observation with an observation checklist, the teacher assesses how pupils
