

PHYSICAL EDUCATION AND SPORTS FOR P6 TERM 1, 2 AND 3

Name		Academic year	
School		No of pupils	
Class	P6	Term	1
Subject	Physical Education and Sports	Number of periods per week	2

Unit 1

Unit title	Motor control						Periods : 6	
Key unit competence		Pupils will be able to refine and increase their participation in physical exercises and improve their body control.						
Dates/weeks	Lesson title/periods	Learning objectives	Content summary	Teaching and learning activities/approaches	Teaching and learning aids	Assessment	References	Weekly observation/Remarks
Week 1: 8-12/9/2025	Lesson 1: Exercises which develop circulatory and respiratory systems muscles (running and jumping) 2 periods.	To improve fitness through varied-speed movements, muscle-building activities like running and jumping, and by enhancing endurance and relaxation.	Pupils should learn and understand the following keywords related to physical and sports activities: running, jumping or tuck jump, lap, coordination.	Individually or in teams, pupils run 150 meters for 8 minutes, increasing the number of rounds. Individually or in groups, pupils jump over obstacles	Sport facilities, mat, whistle, rope, lanes, balls, bench, stopwatch and tape measure , cones or other materials that can be used during this exercise.	Through observation with an observation checklist, the teacher assesses how pupils perform exercises that develop circulatory and respiratory	Physical Education and Sports syllabus for upper primary (2025). Physical Education and Sports teacher’s guide for P6 (2025).	

Unit title	Motor control						Periods : 6

		to a range of stimuli.		balance stand, agility ladder drills.	props, portable Bluetooth speaker (for music, optional), cones or markers to organize safe spacing.	Gymnastics and other physical activities by focusing on correct technique, control, and balance. It also looks at their coordination, strength, and flexibility, as well as their effort and safety during movements.		

UNIT 3

Unit title	Gymnastics exercises						Periods : 6	
Key unit competence		Pupils will be able to safely execute basic Gymnastic movements such as forward roll, backwards roll, body balance positions, and group movement sequences.						
Dates/weeks	Lesson title/periods	Learning objectives	Content summary	Teaching and learning activities/approaches	Teaching and learning aids	Assessment	References	Weekly observation /Remarks
Week 7: 20-24/10/2025	Lesson 1: Individual Gymnastic exercises (2 periods).	To do simple Gymnastics moves like rolls, balances, and stretching exercises with good control, accuracy, and safety.	Pupils should learn and understand the following keywords related to physical and sports activities: Rolls, balances, jumping jacks, lunges, gymnastic routine and aesthetics basics.	Individually or in groups, pupils create sequences involving supporting or shifting body weight using various body parts (hands, arms, legs, feet).	Sport facilities or natural grass, mat or carpet, whistle, balance bars, benches, rope, and any safe gymnastic props.	Through observation with an assessment checklist, the teacher assesses how pupils perform individual Gymnastics exercises.	Physical Education and Sports syllabus for upper primary Physical Education and Sports teacher’s guide for P6.	
Week 8: 27-31/10/2025	Lesson 2: Collective Gymnastic exercises (2 periods).	To do easy Gymnastics in groups. They will work together, move in time, and stay safe.	Pupils should learn and understand the following keywords related to	Perform partner balance lean exercises, seated squat hold exercises,	Playground or soft mat area, gym carpet, whistle, portable Bluetooth	Through observation with an assessment checklist the teacher

			resistance running, race, hurdles.			jumping obstacles.		
Week 12: 24-28/11/2025	Lesson 3: Triple jump exercises (2 periods).	To perform triple jumping exercises with proper technique.	Pupils should learn and understand the following keywords related to physical and sports activities: Triple jump, take-off line, hop-step-jump.	Individually, pupil performs triple jump through the three phases: hop, step, and jump.	Track and field jumping area, jumping equipment, measuring tape, whistle, landing pit, mat.	Through observation with an observation checklist, the teacher assesses how pupils perform triple jump exercises.		

Unit title		Athletics exercises					Periods : 10	
Key unit competence		Pupils will be able to jump, run, and throw objects/implements from different positions.						
Dates/weeks	Lesson title/periods	Learning objectives	Content summary	Teaching and learning activities/approaches	Teaching and learning aids	Assessment	References	Weekly observation/Remarks
Week 13: 1-5/12/2025	Lesson 4: <i>Throwing objects for a short distance by using throwing implements (objects) (2 periods).</i>	To perform short-distance throws with proper technique and tools.	Pupils should learn and understand the following keywords related to physical and sports activities: Javelin, discus, shot put, hammer, gripping.	Individually, pupil performs javelin and discus throw exercises.	Playground or track and field area, kids’ and teens’ javelins, measuring tape, baton, stick	Through observation with an observation checklist, the teacher assesses how pupils perform throwing objects for a short distance by using throwing implements.		
Week 14: 8-12/12/2025	Examinations							
Week 15: 15-19/12/2025	Examinations
